How the hell do I 'prove' that the gun is pre-ban? I have not been able to locate any serial number lists, probably because these guns are all pre-ban.. If it has an "SA" prefix, then the gun started life as a semi-automatic IMI Uzi.. Rather than just designing and producing the complete system, FN Herstal also takes care of the integration onto air, land or sea platforms.. Action Arms quit importing the UZI pistol in 1993, according to the Blue Book of Gun Values, and Action Arms later went out of business.. A serial number is required to register your warranty He changed the model number to HR4332S to identify it as having a semi-

automatic receiver, and he heat-treated the receiver and all parts in the same fashion as he had done for his full-automatic Uzi.
